

# Review of AAR Process & Findings

Jennifer M. Bruner  
Interim Deputy Director & Legal Counsel  
September 30, 2010

**LHDs may use PHER  
extension funds for an activity  
related to pandemic  
preparedness and planning IF  
the activity is reasonable AND  
was identified as an issue in  
the H1N1 AAR/IP**

# Recap of AAR Process

- Purdue Health Care TAP facilitated 5 meetings and administered 6 electronic surveys
  - Input from ISDH staff, State partners, hospitals, EMAs, LHDs and others
  - Discussion centered around eight (8) topic areas
  - AAR and survey results posted to the Portal
- 

# Epi Surveillance, Investigation & Laboratory Testing

## Areas for Improvement:

- More & better surveillance capabilities in schools, colleges & universities desired
  - Consistent way for physicians to report surveillance data
  - Better communication with providers as to when testing stops and why
- 

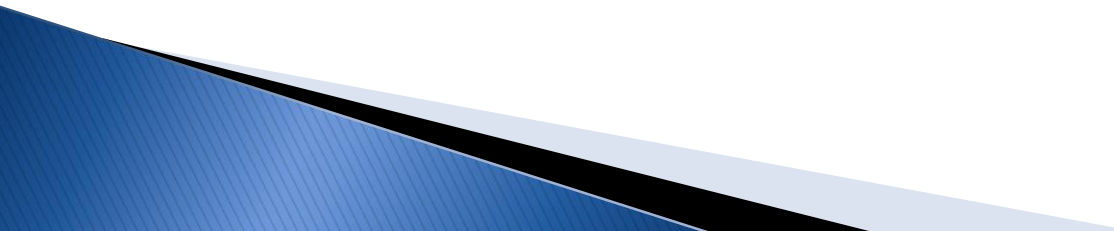

# Public Information
